

Hi Cordell

I was invited to a TOPS event this morning (Take Off Weight Sensibly). I do not plan to join their group, but here is the letter that I'm sending to their leader.

Lisa

Monday, November 28, 2016

Dear Suzy,

Thank you for letting me come and check out TOPS--wow, what a WONDERFUL organization! I could sense the love and friendship in that room. You are running a fantastic organization with a beautiful mission. I appreciated the support and community that it offers. I recently moved here from Minnesota, and it's always great to meet new people.

I just wanted to mention that I host classes once a month out of my home. I have been using essential oils for the past 22 years and love to teach people how to use them. These classes are educational, informative, interactive, and fun! I'd love to have you come and check a class out sometime. Just take a peek at all of the topics covered in the next year. See if there is a topic that piques your interest.

I enjoy presenting to all kinds of groups. I visit nursing homes, hospitals, counseling offices, employee appreciation events, yoga studios, massage therapists, etc. If I can help your group, I would be honored to do so. I present in a way that is informative without "selling." I am low-key. There are many ways to lose weight. I present a few additional ideas using the essential oils to help people along in their journey. I do not propose that it is the only way, but simply an additional way to support within a larger, comprehensive effort.

Truly, it was a pleasure to meet you, Suzy! Thank you for welcoming me this morning!

Sincerely,

Lisa Chidester
